

Breathe California Golden Gate Public Health Partnership
Oxygen For You (O24u) Program – Internship Position

Our Mission: Through grassroots education, advocacy and services, Breathe California fights lung disease, advocates for clean air and advances public health.

Breathe California Golden Gate Public Health Partnership (Breathe CA) is seeking an undergraduate or graduate level intern to assist with the O24u Environmental Education Program.

The O24u™ (Oxygen for You) Environmental Education program is a multi-week after-school program that empowers elementary school children (grades 4 & 5) in under-served communities to make a change for clean air by integrating non-toxic substances in their homes, incorporating reduce, recycle, reuse, and rot habits into their everyday lives, and encourages them to be advocates for clean air in their community.
